CatholicCare HOPE

Our best community lunch event yet!

The Anawim Society, in partnership with Catholic Care Sydney would like to thank our generous donors and supporters for the opportunity to host young vulnerable families in the HOPE Program for a Christmas lunch.

The lunch, held on December 14th 2023, was a festive end of year Christmas themed event. There were gifts, games, craft and conversation, providing these young parents with some temporary relief from their daily stresses.

We also provided experiences that young parents may not be able to afford such as a gift for themselves and their very first Santa photo with their babies and young children.
